Interruption to Water Service in Rocky Rapids

Drayton Valley, Alberta, January 15, 2014, 11:15 am — Brazeau County continues its efforts to restore water service to Rocky Rapids residents in a timely manner.

You may experience pressure in your water lines but until all the necessary water testing is completed to Alberta Environment standards, please refrain from drinking any water from your tap. Water may be used for minimal household use (i.e. bathing, etc.) but we would ask that you conserve water usage over the next 24 hours until normal levels are restored.

Bottled water for consumption only will be available at no cost for Rocky Rapids residents at the Rocky Rapids Store. Residents must provide proof of identification (name and address) when picking up their supply of water.

For the very latest information, please visit our website at www.brazeau.ab.ca

Brazeau County thanks you for your patience.
