1 INTRODUCTION

1.1 Title

1.1.1 This Bylaw shall be known as and may be cited as “Brazeau County Land Use Bylaw.”

1.2 Purpose

1.2.1 The purpose of this Bylaw is to prohibit or regulate and control the use and development of land and buildings within Brazeau County to ensure health and safety of its inhabitants, and also achieve the orderly and economic development of land, and:

- (a) To divide Brazeau County into land use districts;
- (b) To prescribe and regulate the use of land or buildings within each district;
- (c) To establish a method of making decisions on applications for development permits and the issuance of development permits;
- (d) To provide the manner in which a notice of issuance for a development permit is given;
- (e) To establish the number of dwellings that may be allowed on a parcel;
- (f) To establish regulations to assist in the subdivision and development decision making process;
- (g) To establish procedures of appealing the decisions related to this Land Use Bylaw;

- (h) To establish general development standards and specific use regulations;
- (i) To establish parking, signage, and landscaping standards; and
- (j) To establish subdivision standards for Brazeau County.

1.3 Effective Date

1.3.1 This Land Use Bylaw comes into effect on the date of its third reading. At that time, the former Bylaw No. 939-17, and its amendments, shall cease to apply to new subdivision and development in Brazeau County.

1.4 Application

- 1.4.1 This Land Use Bylaw shall serve as a tool to implement policies established in the Municipal Development Plan (MDP), other statutory plans, and the *Municipal Government Act* (MGA), as amended from time to time.
- 1.4.2 All development hereafter in Brazeau County shall conform to the provisions of this Bylaw.

1.5 Previous Bylaws

1.5.1 Brazeau County Land Use Bylaw 939-17, except the Direct Control Bylaws set out in Section 17, is hereby repealed and this Bylaw shall apply to all lands within Brazeau County.

1.6 Application in Process

1.6.1 A completed application for a development permit or subdivision, which is received before adoption of this Bylaw shall be processed

in accordance with Brazeau County's Land Use Bylaw 1002-18 as amended unless requested by the applicant to be processed under this Bylaw.

1.7 Non-Conformity

- 1.7.1 In accordance with Section 643 of the MGA, if a development permit has been issued on or before the day on which a Land Use Bylaw or a Land Use Amendment Bylaw comes into force in a municipality and the Bylaw would make the development for which the permit was issued a non-conforming use or non-conforming building, the development permit continues to be in effect in spite of the coming into force of the Bylaw.
- 1.7.2 A non-conforming use of land or a building may be continued but if that use is discontinued for a period of six (6) consecutive months or more, any future use of the land or building must conform with the Land Use Bylaw then in effect.
- 1.7.3 A non-conforming use of part of a building may be extended throughout the building but the building, whether or not it is a non-conforming building, may not be enlarged or added to and no structural alterations may be made to it or in it.
- 1.7.4 A non-conforming use of part of a parcel may not be extended or transferred in whole or in part to any other part of the parcel and no additional buildings may be constructed on the parcel while the non-conforming use continues.
- 1.7.5 A non-conforming building may continue to be used but the building may not be enlarged, added to, rebuilt, or structurally altered except:
- (a) To make it a conforming building;

- (b) For routine maintenance of the building, if the Development Authority considers it necessary; or
- (c) In accordance with a Land Use Bylaw that provides minor variance powers to the Development Authority for the purposes of this section.

- 1.7.6 If a non-conforming building is damaged or destroyed to the extent of more than 75% of the value of the building above its foundation, the building may not be repaired or rebuilt except in accordance with the Land Use Bylaw.
- 1.7.7 The land use or the use of a building is not affected by a change of ownership or tenancy of the land or building.

1.8 Severability

- 1.8.1 If any section, clause, or provision of this Land Use Bylaw, including anything shown on the land use district map, is for any reason declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the remainder of this Bylaw in whole or in part, other than the section, clause or provision, including anything shown on the land use district map, so declared to be invalid.

1.9 Compliance with Other Legislation

- 1.9.1 Notwithstanding that a development permit may not be required in certain instances under this Bylaw, in no way does this exempt the applicant from complying with:
- (a) Other requirements for approval by municipal Bylaw, the MGA, conditions, any other instrument affecting building or land, or other applicable regulation;

- (b) Any easement, covenant, agreement, or contract affecting the development; and
- (c) Requirements of the *Alberta Safety Codes Act*, and any regulations, including the Alberta Building Code.

1.9.2 The provisions and regulations of this Bylaw do not exempt any person from complying with the provisions or regulation of any other municipal, provincial, or federal statute.

1.10 Rules of Interpretation

Bylaw Text

- 1.10.1 Words used in the present tense include the other tenses; words used in the singular include the plural and vice versa; and the word “person” includes a corporation, firm, partnerships, trusts, and other similar entities as well as an individual.
- 1.10.2 The words “shall,” and “must,” require mandatory compliance except where a variance has been granted pursuant to the MGA.
- 1.10.3 Words, phrases, and terms not defined in this section may be given their definition in the MGA. Other words shall be given their usual and customary meaning.
- 1.10.4 Where a regulation involves two (2) or more conditions, provisions, or events connected by the conjunction “and,” this means all the connected items shall apply in combination; “or” indicates that the connected items may apply singly or in combination.
- 1.10.5 Where reference is made to other legislation, this refers to the legislation as may be amended from time to time.

Land Use District Map

- 1.10.6 Where a district boundary line is shown on the land use district maps as approximately following:
- (a) A railway, pipeline, power line, utility right-of-way, or easement, it follows the centre line, unless otherwise clearly indicated on the land use maps;
 - (b) The edge, shoreline, or high water mark of a river, lake, or other water body, or a topographic contour line, or a top of bank line, it follows that line. In the event of change, it moves with the edge or shoreline; or
 - (c) A property line, it follows the property line.
- 1.10.7 A district boundary line follows the extension of any of the features listed above.
- 1.10.8 A district boundary line shall generally follow the centre of a road or lane, unless the district boundary line is shown clearly following the edge of the road or lane.
- 1.10.9 Where the application of the above interpretations does not determine the exact location of a district boundary line, a Development Officer shall fix the district boundary line in a manner consistent with the provisions of this Bylaw and with the degree of detail as to measurements and directions as circumstances require. The Development Officer may defer the decision to MPC. This decision may be appealed to the Subdivision and Development Appeal Board (SDAB).
- 1.10.10 In the case of any conflict between information expressed in metric units and in imperial units, the metric shall govern.
- 1.10.11 In the case of any conflict between a number written in numerals and a number written in letters, the number written in numerals shall govern.

1.10.12 In the case of any conflict between the text of this Bylaw and any maps or drawings used to illustrate any aspect of this Bylaw, the text shall govern.

1.10.13 Pursuant to Section 638.1 of the MGA, in the event of a conflict or inconsistency between a statutory plan or the Land Use Bylaw, and an *Alberta Land Stewardship Act* (ALSA) regional plan, the ALSA regional plan prevails to the extent of the conflict or inconsistency.
