TRANSFER STATIONS - GENERAL INFO

Brazeau County manages eight residential Solid Waste Transfer Stations located around the County for resident use. Residents can choose one nearest them, or use any of the stations during their operating hours.

A variety of waste and recycling materials are accepted at the Transfer Stations. Please read through this brochure or refer to our website for information on different types, and the locations available.

Please note: The main gates at the Waste Transfer Stations are locked during non-operating hours. Leaving waste outside the locked gates of a transfer station is illegal and violators will be prosecuted.

TRANSFER STATION IDENTIFICATION CARD

Brazeau County is working to ensure that only County residents use County Transfer Stations. Please be advised that all County landowners are issued a Transfer Station Identification Card. Anyone living in the household of the card holders can use any of the Transfer Stations, and must present the card each time in order to deposit acceptable waste.

If renters or additional, separate residents need an Identification Card, the registered landowner must apply for an additional card and is ultimately responsible for that card under the terms and conditions outlined by Brazeau County. Please contact our Administration office at 780-542-7777 for more information or if you wish to cancel a card or report a lost or stolen card.

BRAZEAU COUNTY GOES GREEN!

The “Blue Bag” program as it is commonly referred to is available at all eight transfer sites within Brazeau County.

The Blue Bag program allows residents to recycle their household recyclables without the bother of sorting it. Clean recyclable products can all be put into the bags and taken to any transfer station.

Now, get started and reuse, reduce, & recycle! It's the right thing to do!

Please Note: No composting is available.

PESTICIDE / HERBICIDE CONTAINER RECYCLING

Triple rinse your herbicide and pesticide containers. Remove any labeling and the cap. **Return to where you purchased.**

Please note that needles are not permitted in the Pesticide/Herbicide collection containers.

TWINE RECYCLING

Brazeau County works in conjunction with CleanFARMS to offer Twine recycling at Rocky Rapids, Easyford, Violet Grove, Lindale, Buck Creek and Breton Transfer Stations. Pick up recycling instructions and an approved recycling bag from any of these sites.

ANNUAL HOUSEHOLD TOXIC WASTE ROUND-UP

Brazeau County holds an annual toxic waste round-up at our Transfer Stations each year in mid-Spring. Examples of what is accepted during these events:

- Electronics
- Paint
- Tires
- Used Oil Materials
- Chemicals
- Aerosols
- Batteries
- Propane Tanks

Watch our website and social media pages for the next scheduled dates!

BLUE BAG RECYCLING

It's as easy as 1, 2, 3!

- 1 Put your clean bottles, cans, plastics and papers into the Blue bag.
- 2 Take your Blue bag to the Drayton Valley Landfill or any of our Transfer Stations.
- 3 Feel good that you are helping to reduce the amount of waste that goes into our landfills.

Acceptable Items:

Paper Products

Newsprint and flyers; writing and computer paper; envelopes and paper egg cartons; paper bags and magazines; greeting cards and gift wrap; flattened cardboard boxes; cereal, shoe, tissue, cracker, and cookie boxes (remove liners); milk cartons and juice boxes; paperbacks.

Plastic Containers

Household bottles and containers, including vinegar, shampoo, fabric softener, dish and laundry detergent, pop and water bottles, milk jugs, yogurt or butter containers, washer fluid, and ice cream containers.

Plastic Bags

Grocery, retail, bread, and dry-cleaning bags. Please place plastic bags inside one plastic bag before placing in the Blue bag.

Metal

Food, beverage, and soup cans (empty and clean; remove lids or trap lids inside cans; labels okay). Empty non-hazardous aerosol cans.

Glass

Empty and clean glass containers; labels okay. Includes jars (pickle, jam, mayonnaise) and bottles (beverage, ketchup, salad dressing, baby food, etc.).

Unacceptable Items:

Any soiled or contaminated materials should be kept out of the Blue Bags and put into regular garbage bags (food residue, used tissues, etc). Consider the workers that have to sort through the recycling bags; make sure you do not have exposed sharp objects in the Blue Bags.
